

531S Psalm 67: Bless Us, O God

1. Bless us, O God;
2. Help us to understand your love and your law;
3. Let all the people of the earth praise you
4. Let them call out the ten thousand names;
5. Let the peoples of the earth bless the earth
6. Bless us, O God, with your presence in our hearts;

whisper in our hearts and light our times.
and bring them to bear on the world's ills.
with all their diverse voices.
let all nations praise you with the best of their ways.
and heal earth together; let us all enjoy each other's wisdom.
and in the soul of our nation. A - men.
